

## Rummers Lane Orchard (v.-c. 29) Saturday 15 March 2025

Grid ref TF410075 Postcode PE13 4SE

Meet at 11 a.m. Our next excursion, on the Ides of March, is to Rummers Lane Orchard, which is probably the best-known orchard in Cambridgeshire. We have met here previously, first on 18 December 1999 and then on the 2nd November 2014. The late Robin Stevenson, formerly our chief expert on orchard bryophytes, also went here in May 2004, when he found *Sanionia uncinata*, new to Cambridgeshire. We have permission from David Wheatley of Willock Farm, who now manages the orchard. David says we have permission to park in his farm, which is first on the right as you go down Rummers Lane from the Bridge Inn pub. His mobile is 07714098943 if anyone needs it.
